**PLACEMENT BROCHURE 2019-20**

## About the Institute

Institute of Management and Information Technology (IMIT), Cuttack is a constituent collage of Biju Patnaik University of Technology, Odisha. It is the first institute of Information Technology and Management established by the Government of Odisha in 1962. The institute began its modest journey as College of Accountancy and Management Studies (CAMS) way back in 1962. Over the years, the institute has positioned itself as a premier institute to groom the students in the domains of Management and IT education to cater to the expectations of modern industry, academics and Public Sector.

## Vision of IMIT

- w To be an Institute of national repute and center of excellence in imparting professional education and research through innovative, rigorous and compassionate education.

## Mission of IMIT

- w To inspire the students and create a climate of learning.
- w To empower the students with Knowledge and Professional skill to face the challenges of changing environment.
- w To maintain the high standards of professional education with a value orientation.
- w To provide a broad range of career-oriented programs to meet the needs of society in general and professional education in particular.

## Principal's Message

I am extremely delighted to observe the speedy academic growth of IMIT, Cuttack through the relative academic performance of the students, good placement records of the current students as well as the alumni and also the endeavor of students in maintaining the academic ambience in the Institute through their punctuality, sincerity, leadership activities and the urge for learning. An Institute can grow by the sincere efforts of the teachers, participation and involvement of students in the teaching learning process and availability of good physical infrastructure. Now, the whole world is competitive and the new generation students mass have to put much more efforts to make them salable and industry ready by virtue of their own performance, hard work and the spirit of learning.

**Prof.(Dr.) Manas Ranjan Kabat**  
**PRINCIPAL**

---

**Prof(Dr.) M. R. Kabat, *Principal***

I extend my best wishes for the final year students for maintaining the steady placement record like previous years and wish that their performance will be bright examples for the next batch students.

**Courses Offered**

*The MBA programme* was started in the year 1997 with very good infrastructure and an environment that is conducive for teaching learning process. It has been a hub of innovative activity and is constantly on the look-out for the opportunities to collaborate with the industries as well as the educational institutions around the country. The specializations offered are HR, Marketing, Systems and Finance. The department strives to provide quality education with most advanced curriculum and syllabus to make the students industry ready and excel in the contemporary business world.

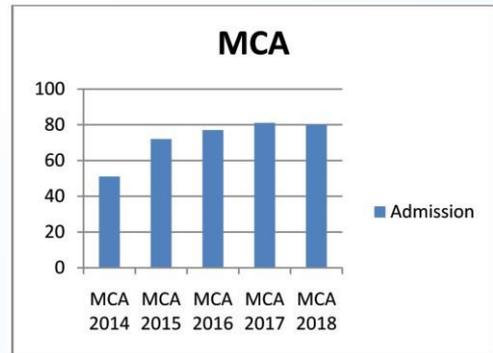

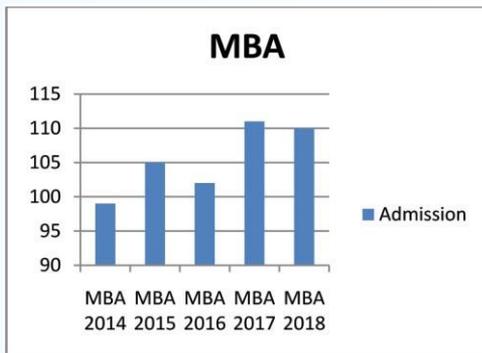

The MCA Department started its journey from strength to strength since its inception in 1997. It offers 3 years MCA and 2 years MCA (Direct 2nd year) and 2 years M.Tech Programs in Computer Science and Information Technology. The Department is dedicated to the mission of inculcating value-based, socially committed professionalism to the cause of overall development of students and society. It promotes the prime objective of educating and preparing students as dynamic, competent and knowledgeable professionals. Excellent academic results, high-end computer labs, well-defined and documented academic and administrative processes and student counseling sessions (personal and academic) are the core strengths of the department.

# Our Recruiters

## Training and Placement Cell

The Institute conducts the training program for students in house with the help of industry experts. Based on the industry requirement, a curriculum on the functional and behavioral areas is developed and executed for the students to get them industry ready. A series of simulated activities are organised through group discussion, case studies, in-basket exercise etc. Over and above Training and Placement Cell arranges a series of exposure visit to the professional organization.
